SUBJECT: Hydraulic Fittings and Seals for Plant Retrofit

We are requesting quotation for the following hydraulic components needed for our Austin plant retrofit project. Please provide unit pricing, availability, and estimated lead times.

Line	Description	Part No.	Qty	UOM	Budget	Due Date
1	Valve Body - Stainless 316	VB-316-90	120	units	\$42.50	Mar 28
2	Pump Impeller 4in	IMP-4-220	60	units	\$78.00	Mar 29
3	Seal Kit High Temp	SK-HT-55 / SK-HT-80	180	kits	\$12.40–\$18.90	Mar 30

SPECIAL INSTRUCTIONS:

- Line 3: Operating temperature range not yet confirmed — please quote both the SK-HT-55 (rated 400°F) and SK-HT-80 (rated 800°F) options.
- All parts must conform to ASTM specifications where applicable.
- Partial deliveries accepted; priority for Line 1 (Valve Bodies).
- Payment Terms: Net 45.
